We've selected a handful of wines that are a little more unusual, boutique or just plain delicious, perfect for those looking for a vinous discovery!

2020 Verdicchio Di Matelica

Del Cerro Belisiario

Marche

47

Verdicchio in the Matelica DOC, a smaller zone than Castello di Jesi. The climate here is more continental than in Castelli di Jesi and the combination of warm days and cool nights gives a longer growing season, and lovely aromatic qualities to the wines. Pale with green highlights. Abundant aromas of vibrant grapefruit, white flowers and hints of honey dominate the nose. The palate shows refreshing acidity, interesting mineral characters, a light hint of ripe fruit and a final burst of zingy lemon to lift the finish. A beautifully balanced wine, with a soft mouthfeel that retains a wonderful lifted, fresh character.

2018 Roero Arneis

Giovanni Almondo

Piemonte

52

Roero Arneis, which loosely translates to "Little Rascal" because of how notoriously difficult it is to grow produces some of the most interesting white wines in Northern Italy. Giovanni Almondo and his family have been making wine in the hills of Piedmont for the last 600 years, which has given them a lot of time to perfect getting the Little Rascal into a bottle. Vibrant apple & pear on the nose with a silky smooth finish and zesty little acidity make this wine the ideal accompaniment for white fish such as Hake, light pasta dishes or just enjoying a glass in the sun.

2019 Petite Arvine

Elio Ottin

Valle D'Aosta

75

Captivating aromas and colours that convey fruit and flowers, ranging from pineapple to rhubarb, from the coolness of grapefruit to the depth of iodated minerals and stone with a hint of freshly cut mountain herbs. It creates harmony in the mouth and memory while after swallowing the equilibrium of a full-bodied, sapid, extremely pleasant wine lingers.

White Wines from Northern Italy

Encompassing the vast regions of Piemonte in the west to Friuli in the east, all of these whites benefit from the advantage of both cooling mountain influences and the warming effect of both coastal and inland waters.

White Wines from Central Italy

—

The central plains offer fertile soils for richer grape varieties, producing whites with stone fruit character, hints of almond and more mineral notes when closer to the coast. These wines are made for fish, seafood and pasta dishes.

White Wines from Southern Italy and Islands

—

Local grape varieties thrive in a wide range of soils across this varied region. The magical islands of Sicily and Sardinia produce wines with unique character, balancing exotic fruit with sea influence. Planting at altitude in Campania & Sicilia allows for the more aromatic grape varieties to slowly develop whilst harnessing their refreshing acidity.

Orange Wines

Originally created by Radikon and Gravner from the Friuli Venezia Giulia region, the term 'Orange wine' refers to the colour produced from white grape varieties when they have spent time macerating with the grape skins. As a result, the wines have a richer structure and a more powerful style, which are the perfect companion to food, especially with Risotto.

2018 Malvasia Salina Caravaglio **Lazio** **61**

This fascinating wine hails from the Aeolian island of Salina near Sicily in southern Italy. Grown on volcanic soils, this is made of 100% Malvasia Bianco and is vinified completely dry. Exotic and intensely perfumed, this wine opens with vibrant lychee, pineapple and honeysuckle notes on the nose and leads to a salty, lean, mineral palate that speaks of its island origins

2016 Vitovska, Zidarich **Friuli Venezia Giulia** **70**

100% Vitovska. A golden yellow, opalescent color. Aroma flowery and mineral, with scents of carnation, medlar and a pronounced smoky background. Savory, taut, sourish, with an aftertaste which is subtle yet persistent. Aged in large vats for 24 months.

2017 Skerk, Ograde **Friuli Venezia Giulia** **85**

Ograde is an orange wine made of Vitovska, Malvasia, Sauvignon Blanc and Pinot Grigio. Macerated on the skins, the wine extracts colour from the Pinot Grigio to give it an orange hue. The nose has complex aromas of red orange, grapefruit, light raspberry and geranium, white currants and a touch of red pepper and wet moss. Unfiltered and fermented in oak, the wine is rich and creamy yet filled with mandarin orange fruit, toasty almonds and minerals, the acidity is high maintaining the wine's freshness and elegance. For high quality orange wine making not unlike the incredible wines of Josko Gravner, you have to try Ograde.

We've selected a handful of wines that are a little more unusual, boutique or just plain delicious, perfect for those looking for a vinous discovery!

2019 *Antica Enotria*

Rosso di Puglia

Puglia

38

Vino Rosso is a blend of mainly Nero di Troia with Sangiovese and Montepulciano - Bright and juicy with red fruit and violet on the nose leading to ripe forest fruit and fresh red cherries on the palate. Soft texture with firm but ripe tannins on the finish.

2019 *Chianti Classico*

Rocca di Montegrossi

Toscana

61

Rocca di Montegrossi's Chianti Classico is the estate's flagship wine; it is a blend of about 90% Sangiovese, with Canaiolo and Colorino, and is produced every year. It ages mainly in large casks and barrels made with oak from Allier, for 12-14 months. It is unfiltered, and after bottling it ages another 6 months prior to release. In the glass it is lively ruby, with bright violet reflections, and on the nose displays the rich fruity aromas typical of the varietals, particularly forest berry fruit and sour cherries.

2019 *Pinot Noir*

Elio Ottin

Valle D'Aosta

75

Mountain Terrain, salt and a charge of aroma, a surprising overture of flavour accompanied by a classic bouquet of moss and earth. Deep and sensual, shifting between fruit and mineral notes. Leather blood orange, dewy early-morning woodlands. The aftertaste scent offers intense emotions of femininity and charisma.

2017 *Taurasi*

Boccella, Sant' Eustacchio

Campania

105

Taurasi DOCG, produced by the Boccella winery, is a ruby red wine with garnet reflections. With a strong personality and structure, this red wine has an intense and complex olfactory profile, with persistent balsamic notes, scents of wild berries, dog rose, smoke, black cherry, violet, hints of undergrowth bark and dark spices. Its flavour is full-bodied and dynamic, with a rich freshness, lively and pleasant tannings and with a good sapidity. A unique tasting experience, which closes with a finish with highly complex woody notes.

Red Wines from Northern Italy

A variety of styles ranging from the elegant yet structured Nebbiolos in the north-west to rich and supple Amarones in the Veneto, whilst international varietals in the Friuli benefit from a freshness borne of the cooler climate. They all share a common juicy acidity that makes them perfect to accompany food.

Red Wines from Central Italy

—

The famed region of Tuscany is Sangiovese's spiritual home - producing elegant red fruit dominant styles with subtle oak-ageing. Abruzzo is now synonymous with the Montepulciano grape: dark fruit and smoky undertones combine in these rounded reds.

Red Wines from Southern Italy and Islands

—

Often neglected in favour of more fashionable regions, here local grape varieties and varied soil composition offer a real sense of terroir and rusticity. The heat of the south is combatted by clever planting at altitude, allowing the grapes to ripen and mature slowly. The wines balance concentration of flavour with a level of freshness to pair with a variety of food.
